

SUMMER 2008

Cultivating a sense of care and connection with the natural world through hands on, outdoor activities for children ages 5 to 13.
9am to 2pm Monday through Friday
Adventure with us this summer!

Session 1: June 23 to 27	Wilderness Awareness
Session 2: July 7 to 11	Gardening, Cooking & Natural Building
Session 3: July 14 to 18	Gardening, Cooking & Natural Building
Session 4: July 21 to 25	Wilderness Awareness
July 25-26 12noon to 12noon	Family Campout
August 26 10am to 2pm	Earthroots Fun Beach Day and Surf Lessons

Wilderness Awareness weeks explore uses of native & edible plants, primitive survival skills and natural crafts while hiking in our local wilderness. Class locations include Casper's Wilderness Park, Trabuco Canyon and Crystal Cove State Beach.
\$200 per child per session

Gardening, Cooking & Natural Building classes are held at Pine Manor, a retreat center and school of natural building located on Ortega Hwy (www.pinemanor.com), the Trabuco Field Station and the Levine Family Farm. Classes this week are focused on creative hands on earthen projects and growing food. We will plant, harvest and cook organically from the garden. We will also design and create earthen art and building projects using clay, sand and straw.
\$200 per child per session

Summer Family Campout

Join Jodi and Mark at a local wilderness park for a family campout! We will have a chance to sit by the fire, tell stories, play music, hike by starlight and follow animal tracks by day. Jodi and Mark will also demonstrate some creative ways to cook food over an open fire. Please bring enough food for your family. Organic snacks from South Coast Farms will be provided by Jodi and Mark. Friday noon to Saturday noon July 25 to 26, \$15 per person

San Onofre Beach Day

Join Jodi, Deanna, Mark and friends for an introduction to surfing! San Onofre Surf Beach is where surfing in California began, all the way back in the 1930s! It is still a great place to go surfing for the first time because the waves break more gently than waves at other beaches. There will be many different surfboards for the kids to try out. We would like to help all the kids get comfortable in the waves and have a good time. This will also be a great time to just hang out, tell stories, and play in the sand.
August 26 9am to 2pm \$15 per person

Session 1 taught by Mark Hay, sessions 2, 3 & 4 taught by Jodi Levine

For additional information, go to www.earthrootsfieldschool.org or call Jodi at 949.400.3340

Earthroots is now accepting registration for September 2008 to May 2009 classes.
